

7/1/2010

Mr. Bruce Schritmann:

I would like to take the opportunity to commend your staff. We see a large number of camp and school outings each year and often times the staff with these groups spend very little time with the students. They are generally left to our staff to manage which can prove very difficult. The group that came here today did a fantastic job ensuring that your students were well behaved, courteous and an absolute pleasure to have here. Please note that Lisa, Jamie E., Lance, Mike, Jordan and Jamie W. received compliments from several guests in our restaurant today based on the students behavior.

Thank You,

Denise Cuiffo
