

**TEEN ADVENTURE (entering Grade 7)** Our goal is to provide our 7th Graders a balanced program including days at camp, day trips, and the occasional short overnight. The program allows for the camper who may have never traveled before, to progress through our Teen program at a comfortable pace. Each week will consist of approximately 3 days of camp activities and 2 days of day trips (either off-campus or on-campus). Two short overnights (2-3 days in length), planned with your child's safety in mind, will take place once each month.

**TEEN TRAVEL (Grades 8-10)** We are excited to provide the most comprehensive Travel program available! Your Teen will experience what we believe will be an exciting, adventurous, safe summer filled with friendship! Our Teen Travel campers enjoy a combination of local and regional day trips, late nights, and overnight trips each week. This summer, travel consists of resort style and beach community type destinations throughout the Northeast. Overnight trips will vary in length from 2 day/1 night to 5 day/4 nights. Trips consist of a variety of venues including outdoor activities, teambuilding days, beaches, cultural events, and many more!

**NIGHT TEENS (Grades 8-10)** For those Teens who prefer a more traditional camp program with a twist, Crestwood will once again offer our Night Teens program. The program runs from 2 PM to 8 PM each evening, Monday-Thursday with a day trip on Fridays! Teens will start their day with the best activities Crestwood has to offer including Adventure (ziplines, ropes course), Sports and Arts. After the younger day campers go home, the fun really starts with a daily Teen pool party, followed by dinner at camp and special Teen evening programming.

**LEADERSHIP TRAINING (Grades 8 & 9)** Those selected into this program will have a mix of valuable hands-on work experience assisting with camp activities and leadership training, while still being able to enjoy many favorite Crestwood camp activities. One weekly off campus or on campus field trip will be included.

**APPRENTICES (Grades 10-12)** The Apprentice program is a work experience opportunity for Teens entering 10th -12th grade. Under the supervision of Crestwood staff, Teens will gain valuable leadership and work experience, while assisting at camp activities. Most importantly, Apprentices will have fun, meet new friends, and make camp memories that will last a lifetime.

*Crestwood has carefully redesigned these camp programs for the 2021 summer with health and safety in mind. As a result, all plans are tentative and subject to change if needed.*
